The 27th IEEE International Symposium On Real-Time Distributed Computing
IEEE ISORC 2024 (Hybrid Conference)

Carthage, Tunis, Tunisia
May 22-25, 2024
https://isorc.github.io/2024/

CALL FOR PAPERS

Organizing Committee

General Chairs
Akram Hakiri
University of Pau & Pays de l'Adour, France
Aniruddha Gokhale
Vanderbilt University, USA
Mathias Pacher
Goethe University of Frankfurt, Germany

Program Committee Chairs
Hella Kaffel Ben Ayed
University of Tunis El Manar, FST, Tunisia
Abderrazak Jemai
University of Carthage, INSAT, Tunisia
Pierre-Emmanuel Hladik
Centrale Nantes, LS2N, France

Steering Committee Chairs
Uwe Brinkschulte
Goethe University of Frankfurt, Germany
Robert G Pettit
George Mason University, USA

Local Management Chairs
Walid Barhoumi
University of Carthage, Tunisia
Slim Amri
University of Carthage, Tunisia
Fourati Hend
University of Manouba, Tunisia
Karim Houidi
University of Tunis - El Manar, Tunisia
Marwa Said
University of Tunis - El Manar, Tunisia

Web Chair
Akram Hakiri
University of Pau & Pays de l'Adour, France.

Publicity Chairs
Aicha Ben Salem
University of Carthage, Tunisia
Maryline Laurent
Télécom Sud Paris, Institut Polytechnique de Paris, France
Kim, Jong-Chan
Kookmin University, Korea

Publication Chairs
Sondes Chaabane
Polytechnic University of Hauts-de-France, Valenciennes, France
Maroua NOUIRI
Centrale Nantes, France.

Finance Chair
Ilhem Abdelhedi
University of Carthage, Tunisia
Akram Hakiri
University of Pau & Pays de l'Adour, France.

IEEE ISORC 2024

ISORC has been established as the leading event devoted to state-of-the-art research and state-of-the-practice applications in the field of real-time distributed computing. Celebrating the 27th anniversary since its foundation in 1998, ISORC continues the trend of providing an international forum for researchers and industry experts to exchange and share their experiences, ideas, latest research results on all aspects of ORC technology.

Topics

IEEE ISORC 2024 invites high-quality papers on all aspects of ORC technology, including, but not limited to:
- *Software Architectures for Real-Time Distributed Computing.*
- *Distributed Real-Time Image, Video, and Stream Processing.*
- *Distributed Communication for Emerging and Future Networks.*
- *Blockchain and Distributed Ledger Technology (DLT) for Distributed Computing.*
- *AI/ML, LLM, and Federated Learning for Real-Time Distributed Computing.*
- *Digital Twin for Future Networks and Emerging IoT Applications*
- *Cybersecurity, and Trust for Distributed Real-Time IoT Systems.*
- *Optimization Approaches for Distributed Real-Time Computing in The Context of IoT, Cyber Physical Systems (CPS), and Edge-Cloud Continuum.*
- *Sustainable and Green Computing Transformation in Edge-to-Cloud Continuum.*
- *Formal Verification and Model Checking for Distributed Real-Time IoT, CPS, and Cloud.*
- *Ontology-Based Knowledge Modelling for Real-Time Distributed IoT & CPS.*
- *Dependability, Fault Tolerance, and Resilience of Distributed Real-Time IoT.*
- *Big Data, Algorithms, Models, and Techniques for Real-Time Analytics.*
- *Operating Systems, Middleware, and System Software.*
- *Distributed Management, Monitoring, Performance Evaluation.*
- *Applications for IoT, CPS, Edge-Cloud, Distributed Embedded Computing.*

Guidelines for Manuscripts

IEEE ISORC 2024 invites papers in the following categories:
- **Regular Research Papers:** Papers should describe original work and should be 10 pages maximum, plus two extra purchased pages for appendix and references.
- **Industrial Papers and Practitioner Reports:** Papers should be of 10 pages, plus 2 extra purchased pages for appendix and references. Papers describing experiences of using ORC technology in application or tool development projects, are an integral part of the technical program of ISORC.
- **Short Papers:** Short research papers, maximum 6 pages are also invited, and should contain enough information for the program committee to understand the scope of the project and evaluate the novelty of the problem or approach.

All papers should be formatted in the standard IEEE double-column format using the published IEEE Conference Proceeding templates, and submitted through the **HotCRP** system: https://isorc24.hotcrp.com/

Important Dates
- Submission deadline: January 07, 2024
- Acceptance notification: March 05, 2024
- Author registration deadline: March 16, 2024
- Camera-ready papers: March 20, 2024

For more information

More information about IEEE ISORC 2024, including submission guidelines, can be found at: isorc.github.io/2024/

Organizing Committee

Workshop chairs
Nedra Mellouli
ESILV, DVRC-la Défense & Paris 8 University, France
Pascal Berthou
CNRS-LAAS, University of Toulouse 3, UPS, France
Christian Esposito
University of Salerno, Italy

Short Paper/Poster chairs
Slim Abdellatif
INSA Toulouse, CNRS-LAAS, France
Olfa Jemai
University of Gabès, ISIMG Tunisia

Tutorials chairs
Thierry Gayraud
CNRS-LAAS, University of Toulouse 3, UPS, France
Martin Schoeberl
Technical University of Denmark, Denmark
Eric Hutter
Provadis School of International Management & Technology AG, Frankfurt, Germany

Keynote chairs
Mohamed Faten Zhani
University of Sousse, Tunisia
Marcello Cinque
University of Naples Federico II, Italy

Industry chairs
Samir Ben Ahmed
University Tunis MANAR, Tunisia
Stefano Russo
University Naples Federico II, Italy

Dissertation Digest chairs
Tatsuo Nakajima
Waseda University, Japan
Mohamed GHAZEL
University Gustave Eiffel, Lille, France.

Doctoral Symposium chairs
Sadok Ben Yahia
Southern Denmark University, Denmark
Peter Puschner
TU Wien, Vienna, Austria
Luigi De Simone
University Naples Federico II, Italy
